Key skills

- JavaScript
- TypeScript
- CSS
- React.js
- Tailwind
- Bootstrap
- Rest API
- C#
- Entity Framework
- .Net Core
- Asp.net
- Testing
- SQL
- NoSQL
- Docker
- Kubernetes
- Microservices
- SaaS
- Excel
- Teamwork

• Summary

- I am a passionate and versatile Full-Stack Developer with extensive experience in crafting modern web and mobile applications using a wide range of technologies.
- My expertise spans JavaScript, TypeScript, React.js, C#, ASP.NET Core, and database solutions like SQL Server and PostgreSQL, enabling me to develop robust, scalable, and user-centric solutions.
- Proficient in both front-end and back-end development, I excel in designing seamless user interfaces and implementing efficient back-end architectures.
- With a proven track record of successfully leading projects from ideation to deployment, I specialize in building dynamic SaaS platforms, integrating secure payment systems such as Stripe and Swish, and enhancing performance through caching solutions like Redis.
- My experience with microservices, Docker, and Kubernetes equips me to create scalable, containerized applications that adapt to evolving business needs.
- I am highly skilled in agile development methodologies, automated testing with tools like Cypress, Jest, NUnit, and xUnit, and leveraging CI/CD pipelines for streamlined deployments.
- My commitment to quality and performance drives me to adopt the latest design patterns and best practices to deliver exceptional solutions that align with business goals.
- Whether collaborating with cross-functional teams or tackling challenges independently, I thrive in environments where innovation and precision are key.

- **Career history**

- **Full Stack Developer at ZenDev**

- Jun 2022 – Jul 2023
- Gothenburg, Vastra Gotaland County, Sweden
- Led the development of web/mobile-based solutions at ZenDev, from initial idea to market launch.
- Collaborated with cross-functional teams to create prototypes and implement innovative solutions.
- Contributed to revenue growth by delivering high-quality products and services to clients.
- Developed skills in full stack development, project management, and market research.
- Developed three dynamic and scalable web applications using ASP.NET, ReactJS, and Next.js, leveraging .NET Core for efficient full-stack solutions.
- Implemented robust architectures with PostgreSQL and SQL Server for database management, enhancing performance with Redis caching.
- Integrated secure payment systems like Stripe, Swish, Klarna, and Bank ID to deliver seamless and user-friendly transactional features.
- Enhanced app performance and user experience using best practices in design patterns and modern frameworks.
- Conducted comprehensive testing with Cypress, Jest, TDD, and unit testing to deliver reliable and high-quality products.

- **Skills:** Full-Stack Development · Design Patterns · .NET Core · ASP.NET · Next.js · CI CD pipeline · Azure · AWS · Cypress · Jest · Nunit · Xunit · TDD · Unit testing · Redis · C# · Visual Studio · ReactJS ·

Python · APIs · GraphQL · Postgres · Restful · SQL server · Kafka · Agile development · React Native

- **Web Developer at H&M**

- Mar 2021 – Apr 2022
- Stockholm, Stockholm County, Sweden

- Developed front-end features using CSS, Tailwind, Bootstrap, React, and JavaScript at H&M.
- Implemented back-end functionalities with Node.js Express and PHP to enhance user experience and site performance.
- **Skills:** Front-End Development · Web Development · React · Node.js Express.js · Mongo dB · MySQL · PHP · WordPress

- **Interests**

- Going to the gym
- Walking
- Swimming

- **Referees:**

- Ramzy Johnson - Manager at ZenDev AB Sweden
- Phone nr: +46 0728 585 901
- Fadi Darmo - Supervisor at H&M
- Phone nr: +46 0721 056 623
